

Getting Started

with NH Care Connections

Join the statewide network connecting healthcare, community-based organizations, and state partners to better support individuals and families across New Hampshire.

Whether you're looking to send referrals, receive services, or collaborate more effectively, getting started is simple, and we'll guide you every step of the way.

Getting Started is Quick and Easy

- ✓ **Dedicated** workflow discovery and design sessions
- ✓ **Staff training** and onboarding support
- ✓ **Optional integration** with systems like Epic, Meditech, etc.
- ✓ **Tailored implementation plans** to fit your needs (e.g. small pilot, cohorts, full system)

Implementation Tailored to Your Needs

- ✓ **Connect** with trusted partners across sectors
- ✓ **Send and receive** closed loop, electronic referrals
- ✓ **Access** tools and resources to support your work

What to Expect

STEP 1

Planning

We work with your team to understand priorities, workflows, and success metrics, and develop a tailored implementation plan and timeline. This includes identifying key dependencies and exploring opportunities for system integrations (e.g., EHR) to align with your existing infrastructure.

STEP 2

Onboarding

Technology is only as good as those using it. We build buy-in with your team by demonstrating value, confirming workflows, and preparing users to confidently use the platform in real-world scenarios.

STEP 3

Engagement

We provide flexible training and configure users to match the right functionality, setting your team up for success from day one—with ongoing support and resources after launch.
